

FRIXALS

Where digital feels effortless

IT Resource Augmentation

Pitch Deck · 2025

The Challenge

The Challenge Holding You Back

Growing businesses face critical IT talent gaps that slow down delivery

Hiring Takes Too Long

Average IT hire takes 45+ days.
Your projects can't wait.

High Permanent Costs

Full-time salaries, benefits &
overhead strain your budget.

Skill Gaps in Your Team

Niche tech skills (AI, cloud, DevOps)
are hard to find locally.

Scaling Uncertainty

Unpredictable project demands make
fixed headcount risky.

What We Offer

What Frixals Offers

On-demand IT professionals embedded into your team — fast, flexible, expert

Software Development

Frontend, backend, full-stack engineers across React, Node, Python, Java & more

DevOps & Cloud

AWS, Azure, GCP specialists, CI/CD pipelines, Kubernetes, infrastructure as code

Cybersecurity

Security engineers, pen testers, compliance experts for SOC 2, ISO 27001

Data & AI/ML

Data engineers, data scientists, ML engineers for analytics and AI initiatives

Project & QA

Tech PMs, Scrum Masters, QA engineers, business analysts to lead delivery

Embedded Team Pods

Pre-built cross-functional squads ready to plug into your product roadmap

How We Work

From brief to billable in as little as 72 hours

01

Discovery Call

We learn your tech stack, team gaps, timelines, and project goals in a 30-min call.

02

Talent Matching

Our experts curate pre-vetted candidates aligned to your exact requirements.

03

Trial & Onboarding

Shortlisted candidates complete a paid trial. You pick your best fit, we handle contracts.

04

Ongoing Support

Dedicated account manager, monthly check-ins, and seamless replacement guarantee.

Why Choose Frixals?

- Agile/Scrum ready
- Transparent pricing per team

Fixed Scope

Project-Based

- Defined deliverables & timeline
- Milestone-based payments
- Discovery workshop included
- Post-delivery support period

What Our Clients Say

“

Frixals placed a senior React engineer in 48 hours. He was productive from day one and felt like part of our core team.

SM

Sarah M.

CTO, FinTech Startup

“

The DevOps pod they provided helped us migrate to Kubernetes in 6 weeks. We saved months of work and avoided a costly hire.

JK

James K.

VP Engineering, SaaS Co.

“

We scaled from 3 to 14 engineers in one quarter with zero recruitment headaches. Frixals handles everything.

AP

Aisha P.

Head of Product, E-commerce
